Mr. Richard Lynch moved article XI be accepted as read — seconded by Mr. Lermer — hand vote — MOTION CARRIED.

ARTICLE XII: Based upon a Petition and Subsequent presentation to the Board of Water Commissioners, duly elected by the Town of North Hampton, to see if the Town will vote to raise and appropriate the sum of Fifty-Seven Thousand Four Hundred ($57,400.00) Dollars, for the extension of the water line along Route 1 — North, from its present terminus to the Rye, New Hampshire line and authorize the withdrawal of Seventeen Thousand Seven Hundred Ninety-nine ($17,799.05) Dollars and Five Cents, including any additional accrued interest, from Capital Reserve Fund No. 2, (WATER), Established in 1945, and to further authorize the Selectmen to act as Agents for the Town in connection with the purpose for which this fund was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35: Section 15, with the balance of Thirty-nine Thousand Six Hundred ($39,600.95) Dollars and Ninety-five Cents to be raised by a Bond issue amortized over a five-year period; all monies received by the Town as compensation from the Hampton Water Works shall be reimbursed to Capital Reserve Fund No. 2 (RECOMMENDED BY THE BUDGET COMMITTEE.)

(Moderator stated that article XII would require a 2/3 vote due to the proposal requiring a bond issue)

Mr. Peter Simmons moved that the article be accepted as read - seconded by Mr. Robert Lambert. Mr. Simmons then amended the article to read as follows: To see if the Town will vote to raise and appropriate the sum of Eighty Thousand Nine Hundred ($80,900.00) Dollars, for the extension of the water line along Route 1 - North, from its present terminus to the Rye, New Hampshire line including Lafayette Terrace and authorize the withdrawal of Seventeen Thousand Seven Hundred Ninety-Nine ($17,799.05) Dollars and Five Cents, including any additional accrued interest, from Capital Reserve Fund No. 2, (Water), estab-

lished in 1945, and to further authorize the Selectmen to act as Agents for the Town in connection with the purpose for which this fund was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35: Section 15, with the balance of Sixty Three Thousand One Hundred ($63,100.95) Dollars and Ninety-Five Cents to be raised by a Bond issue amortized over a five year period; all monies received by the Town as compensation from the Hampton Water Works shall be reimbursed to Capital Reserve Fund No. 2.

(At this time Mr. Stephen Deldeo of Stanliels Road, Loudon, NH was given permission by the meeting to discuss the problem of contamination of wells located in the A and B street areas (Lafayette Terrace). Mr. Deldeo represents the State of New Hampshire Water Supply and Pollution Control Commission. He gave the background of the wells and the types and levels of contamination, stating that all wells were at various points of contamination, two of which contain contaminants that are dangerous and should not be used for drinking, cooking and washing. The selectmen questioned a state law requiring a community to provide drinking water to its residents and noted that they had been looking into the possibility of extending the water to the Rye town line since April, taking into consideration the problem with these wells as it arose.)

The Budget Committee Accepted the amendment to Article Twelve.

The amendment as presented by Mr. Simmons was accepted by a hand vote. Mr. Simmons then moved that the following amendment be added to article twelve ..... that in addition, the selectmen should make every reasonable attempt possible to fully investigate and remedy the contamination problem and seek relief from those responsible. A full report is to be made at the 1984 Town Meeting - seconded by Robert Lambert - hand vote - AMENDMENT CARRIED.

Article XII as amended was voted upon by hand vote - MOTION CARRIED UNANIMOUSLY (one abstention).

ARTICLE XIII: To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations of the same.

Mr. William Hickey of the Budget Committee presented the Budget line by line, discussing the following items at that time:

Officers Expenses: An amendment was made by Mr. Miller and seconded, to reduce the mileage for the building inspector by $1,000 — hand vote — MOTION DEFEATED.

Police Department: Mr. Walter Lermer moved that the town increase the Police Department budget by $3,000 to $182,126.00 — seconded by Robert Southworth - hand count — 110 YES — 73 NO — AMENDMENT PASSED.

Fire Department: Mr. Walter Lermer moved that $500.00 be added to the Fire Department Budget — seconded — hand vote — MOTION PASSED.

Town Maintenance: Mr. Walter Lermer moved that $3,500.00 be added to the highway budget, increasing the amount to $133,957.00 — he later reduced the amount to $2,500.00 with the budget amount being $132,957.00 — hand vote — MOTION CARRIED.

4. Any person, firm, corporation or association found to have violated this ordinance shall be subjected to a fine of not more than One Hundred ($100.00) Dollars per day for each day that said violation exits.

Mr. Lynch moved that article fourteen be accepted as read — seconded by Mr. Lermer — Mr. Mueller moved that the above article be amended to accept underwriter approved electrical heating appliances used by the general public — hand vote on the amendment — AMENDMENT CARRIED — hand vote on the amended article — MOTION CARRIED.

(Became Town Ordinance 1-83)

ARTICLE XV: To see if the Town will vote to adopt the following Town Oridnance, pursuant to RSA 31:60-a:

Licensing and Regulation of Amusement Devices.

PURPOSE. For the purpose, and in furtherance of promoting and protecting public decency, securing of the public safety, promoting the preservation of the public peace and order, and in advancement of the public welfare and interest, "Amusement Devices" as defined herein shall be subject to the following regulations:

DEFINITION: "Amusement Device" shall mean any machine which, upon the insertion of a coin, slug, or token, may be operated by the public for use as a game, entertainment of amusement whether skill or scores are used in its operation. The term does not include machines which are solely for vending, riding or for producing music.

1. No person, firm, corporation, or association may maintain or allow to be operated any amusement device without first obtaining a license from the Board of Selectmen.

A. The applicant shall pay $10.00 per year or any part thereof per device. The applicant may remove and replace any device without payment of any additional fee.

B. Licenses shall be effective from the date granted until the following April 1st. Each license will be reviewed annually by the Board of Selectmen. The applicant shall file, prior to March 1st an application accompanied by the requisite fee. Said application shall contain a certification by the applicant that his operation under the existing license has been in compliance with the provisions of this Ordinance. The Selectmen shall review and act upon said renewal applications prior to April 1st.

C. Such license may be revoked or suspended at any time upon a determination by the Board of Selectmen that non-compliance with the provisions of this Ordinance has been committed by the license holder or his representative.

D. Amusement devices shall only be located in the Industrial Business Zone.

2. The following requirements must be met as a condition of the granting of the permit:

A. No person under the age of thirteen years shall be allowed to operate any amusement device unless accompanied by an adult who is responsible for such minor. It shall be the duty of the licensee or his representative to ensure compliance with this and all other regulations.

B. No prizes or rewards based on the results of a game shall be awarded with the exception of free games.

C. No minor, unless accompanied by an adult who is responsible for such minor, shall operate an amusement device between the hours of 11 P.M. and 9 A.M. No minor under the age of thirteen years, unless accompanied by an adult who is responsible for such minor, shall operate an amusement device between the hours of 9 P.M. and 9 A.M.

D. An adult who is responsible for the control of the amusement devices on any premises shall always be present during the time said premises are open to the public. A list of such persons shall be filed with the Chief of Police prior to the operation of any amusement device and shall be kept current by the licensee.

3. Any person, firm, corporation or association found to have violated this ordinance shall be subject to a fine not exceeding One Hundred ($100.00) Dollars.

4. The Selectmen may establish from time to time such additional requirements as may effectuate the purpose of this Ordinance.

Mr. Lynch moved that the Town adopt article XV as read — Mr. Robert Southworth seconded — hand vote — MOTION CARRIED.

(Became Town Ordinance 2-83)

ARTICLE XVI: To see if the Town will vote to adopt the following Town Ordinance, pursuant to RSA 41:11 and 47:17, Section VII and Section VIII.

NO THROUGH TRUCKING ON LOVERING ROAD

In order to preserve the safety of Lovering Road, and in consideration of the road bed and surface, as of this date through trucking by trucks over 8 tons in weight is prohibited on said Road. The penalty for violations of this Ordinance shall be a fine not exceeding One Hundred ($100.00) Dollars for each violation.

Mr. Robert Southworth moved that article sixteen be accepted as read - seconded by Mr. Walter Lermer - hand vote - MOTION PASSED.

(Became Town Ordinance 3-83)

ARTICLE XVII: To see if the Town will vote to adopt the following Town Ordinance, pursuant to RSA 41:11 and 47:17, Section VII and Section VIII.

TRAFFIC CONTROL ON A PUBLIC STREET

In order to preserve the safety of the streets and highways within the Town of North Hampton, the following shall apply:

1. Any person or persons who shall sponsor or cause to be held, a social, commercial or charitable function within the Town of North Hampton, which will cause or is likely to cause the interruption of traffic which will constitute or is likely to constitute a hazard to the public safety, shall employ at his own expense one or more public officers as may be determined by the Police Chief to control said traffic or safety hazard.

2. Any persons working or causing equipment to be placed on or near any street or highway within the Town of North Hampton as to constitute a traffic hazard or a danger to the public safety, shall employ at his own expense one or more police officers as may be determined by the Police Chief to control said traffic or danger. This section shall not preclude the need for street opening permits and related documents when required.

3. Any person, firm, corporation or association found to have violated this Ordinance shall be subject to a fine not exceeding One Hundred ($100.00) Dollars.

Mr. Walter Lermer moved that article seventeen be accepted as read - seconded by Mr. Richard Lynch - hand vote - MOTION PASSED.

(Became Town Ordinance 4-83)

ARTICLE XVIII: On petition of Helen Coorssen and ten other legal voters of the Town of North Hampton, to see if the Town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of North Hampton, and to the health and welfare of the people of North Hampton.

These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.

2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to the same goal.

The record of the vote on this Article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States:

Helen Coorssen moved that the above article be approved by the voters as read - seconded from the floor - hand vote - RESOLUTION PASSED.

ARTICLE XIX: To transact any other business that may legally come before this meeting.

A mention of thanks was given to Bill Hickey and Harlan Carter who were stepping down from their terms on the Budget Committee.

There being no further business to come before the meeting, the Moderator declared the meeting adjourned at 10:30 P.M.

Respectfully submitted,

Delores J. Chase
Town Clerk
Town of North Hampton
County of Rockingham
State of New Hampshire

SELECTMEN'S ANNUAL REPORT TO THE TOWN

Each year we try to look back at our accomplishments and visualize how our actions will affect the future. During 1983 the Government of your Town was able to live within its budget in spite of several expenditures which we could not have anticipated. In our planning for 1984 we had hoped not to increase our costs over 1983. However, several items have been made known to us which defeat this idea. The most outrageous increase is that of the Hampton Water Works Company. Our cost for fire hydrant rental will go from $52,000 a year to $74,000 in 1984. We have appealed this to the Public Utilities Commission, but with no success.

I can't say enough about the performance of our Department heads, employees, and other Town officials. They have quietly solved many problems and helped our citizens who were in need. All this, and the Departments were able to finish the year within their very tight budgets. This has been accomplished by their dedication, their expertise, and work above and beyond that which is normally required.

Our cable television system is now in place in about 75% of the Town's roadways. This has not been done without problems. The New England Telephone Company underwent a strike last summer. This prevented them from moving the necessary wires on their poles to make room for the cable TV wires. They have just now, (in December,) started to do this work. Completion soon I hope!

Both to report on an activity, and to meet the requirement of the 1983 Special Town Meeting, I would like to write about the water pollution problems in the area of Lafayette Terrace. First, may I say that the extension of the water line on Route 1 and through Lafayette Terrace was brought in in June and $4,000 below estimate. This will reduce the borrowing authorized by the March of 1983 Meeting. Next, with the cooperation of the E.P.A., various State agencies, our Congressional delegation, and the Coakley Construction Company, we are still attempting to identify the cause and extent of any pollution that may exist in that area, and what or who caused the various wells to

contain pollutants. With the help of the above agencies this should be accomplished in 1984. When the culprit has been identified the Selectmen will attempt to force repayment of the water line extension costs. It is good to note that no additional pollution has been discovered in our Town. We will continue to monitor and report on this important problem.

I would like you to note that construction in our Town has increased from $2,549,820 in 1982 to $5,087,073 in 1983. This represents a $2,537,253 increase or 99.5%. This will improve our tax base and will help us all. This is particularly true in the commercial areas. Our Planning Board is particularly commended for their intelligent handling of our growth.

May we call to your attention to the Warrant and that part which pertains to changes in the zoning for manufactured housing and related parks. This is most important as we must conform with the requirements of the State statutes.

The Selectmen will continue, to the best of their ability, to bring you cost effective government, and hope that 1984 will be a good year for you all.

Walter S. Lermer, for the Selectmen

They may, in addition, when required, appear in the Portsmouth Herald, The Hampton Union, or other papers.

SELECTMEN'S MEETINGS

The Selectmen meet the 2nd and 4th Monday evening of each month commencing at 7:30 p.m. Any person wishing an appointment should contact the Administrative Assistant before 4:00 p.m. (964-8087) to be placed on the agenda. The reason for this is that the Department Heads normally make their reports first and this system saves waiting time. However, all persons are welcome to attend all meetings and are urged to do so.

PROPERTY INVENTORIES

Property Inventories are no longer required.

VETERAN'S EXEMPTION FORMS

Veterans who request an exemption are required by law (RSA 72-33) to fill out Form A-2 (the green sheet), on which is recorded their war record. Once these are filled out they become a permanent part of the individual's record, and they are not required to be filled out annually.

ELDERLY EXEMPTIONS

Interested parties are urged to consult with the Town Administrative Assistant.

SOLAR EXEMPTION

The green form mentioned above must also be filled out for this exemption, after which inspection is usually made.

WIND EXEMPTION

The Town has not voted on this matter yet and no exemption is allowed.

CURRENT USE

Current Use Forms must be completed by April 15th of each year. Once Current Use is allowed it is not necessary to fill out the form again. If the land is sold a "Use Change Tax" is assessed.

The Board of Selectmen
Town of North Hampton
Atlantic Avenue
North Hampton, New Hampshire 03862

We have examined the combined financial statements of the Town of North Hampton, New Hampshire, as of and for the year ended December 31, 1983. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above, do not include property, plant, or equipment asset balances and corresponding depreciation accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the accounts described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Town of North Hampton, New Hampshire at December 31, 1983, and the results of its operations and changes in financial position of its proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Note 1.) Summary of Significant Accounting Policies:

The accounting policies of the Town of North Hampton conforms to generally accepted accounting principles for local governmental units except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting

The accrual basis is used for all fiduciary funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis) except:

A. Disbursements for inventory items (materials and supplies) are considered expenditures at the time of purchase.

B. Prepaid expenses are not normally recorded.

Property, Plant, and Equipment

Property, plant, and equipment acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to require general fixed assets and/or debt service payments on borrowing in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Investments

Investments are stated at cost.

Types and Purpose of Funds

A. General funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

B. Special Revenue Funds - used to account for specific restricted revenues and expenditures for various purposes. Receipts and expenditures of each fund are governed by the terms of contractual agreements, statutes, or local law.

C. Other Governmental Unit Funds (Agency) - The town collects taxes for the Winnacunnet School District, Rockingham County, and the Little Boars Head Precinct as required by law. These taxes are accounted for as agency funds. In addition, the Trustee of the Trust Funds is the fiduciary of monies contributed by the Little Boars Head District and the school district of North Hampton in the amount of $3,283.26.

Note 1.) Summary of Significant Accounting Policies (continued)

Types and Purpose of Funds (continued)

D. Capital Reserve Funds - Used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Other General Accounting Policies

Retirement System

Several members of the Police Department, Fire Department, and Town Office are members of the New Hampshire Retirement System. Under this plan, participants contribute annually a percentage of compensation which is fixed by law and dependent upon age when contribution begins. The Town's contribution rate for normal cost of the plan is based upon an actuarial valuation of the state plan as of June 30, 1983, at varying rates by occupation. The town has no past service cost obligation.

Note 2.) Long Term Indebtedness and Town Borrowings

The town during 1983 incurred general obligation debt for capital expenditures (water extension).

The following is a summary of the general obligation serial bonds originally issued at $63,000 with interest at 7.75%.

EXPLANATION

WARRANT ARTICLES

EXPLANATION AND CLARIFICATION OF WARRANT ARTICLES

The following has been prepared and is presented by the North Hampton Planning Board. It is intended to be an explanation and clarification of the Articles to be voted upon at this year's Town Meeting.

One of the duties of the Planning Board is to maintain current and meaningful zoning ordinances. For the up-coming Town Meeting, The Planning Board is offering a number of Articles to be voted upon by the citizens. All but one Article have some connection with mobilehomes and their regulation in the local land use plan. All of the Articles are offering changes to the North Hampton Zoning Ordinance; a copy of which may be obtained at the Town Office.

Section 302 is part of the Definitions Sections of the Zoning Ordinance. Article XVIII is submitted that "mobilehome" be defined as a structure of vehicular design built on a chassis and designed to be moved from one site to another. Mobilehomes shall comply to the requirements of the BOCA 1 and 2 Family Dwelling Code as adopted by the Town of North Hampton, and to be certified as such by the manufacturer. Mobilehomes placed on individual lots or in a subdivision shall have ridge roofs with asphalt shingles and horizontal siding of either vinyl, aluminum, or wood. Mobilehomes shall have a minimum living area of 720 square feet and a minimum width of 14 feet.

The Planning Board recommends this definition above.

Article XIX offers the definition of "modular home" as a dwelling that is pre-cut and assembled of individual elements either in a shop or at the site, before erection in the building structure. Prefabricated shop assembleys may be shipped in structurally complete units ready for installation of a foundation, or in knocked down and package form for assembly at the site.

Article XX offers the definition of Mobilehome Parks as any land rented for the location either permanently or temporarily, of one or more mobilehomes, recreational vehicles, travel trailers, tent campers, or other vehicles intended for a similar purpose.

This Article is the definition of Mobile Home Parks as it is used in Article XXII and elsewhere.

Article XXI defines Manufactured Housing as any and all forms of modular, unitized or prefabricated housing as certified to being built to BOCA Code which are brought to and assembled at a building site, placed on a foundation and tied into all necessary and conventional utility systems and which are intended for the use as a permanent dwelling unit.

Article XXII proposes to amend Section 405 (permitted uses) to read:

> Permitted uses, I-B Industrial-Business District, 12. Single family Dwellings, 13. Mobilehome Parks.

The Planning Board recommends that this Article be approved so that the dwellings and the mobilehome parks that now exist in this district will conform to the zoning ordinance. The Article is an editorial clarification of the zoning ordinance.

The following two Articles are proposed, as a choice, to comply with strict interpretation of state law.

Article XXIII would allow a single-family mobilehome in the residential (R-3) district. Their placement would have to conform with all existing code regulations of the district. It would allow, as required by state law, for a mobilehome to be placed on an individually owned lot in a residential zone.

Article XXIV would allow mobilehome subdivisions in the R-3 residential district.

This would allow mobilehomes in a development of similar homes on individually owned lots.

Article XXV proposes that General Regulations (Section 503) for mobilehomes and recreational vehicles be as follows:

> Shall not be permitted elsewhere than in those areas where they are specifically identified as a permitted use in Section 405. Manufactured housing located on individually owned lots shall comply with all building codes, lot size and frontage requirements, space limitations, and other controls. The Building Inspector may permit the temporary location of mobilehomes elswhere than those areas where permitted for a temporary purpose found by him not to be injurious or offensive to the neighborhood. And temporary location shall be limited to the time specified in the permit. This Section shall not affect

the temporary placement of recreational vehicles in a mobile-home park for a period not to exceed six months. The occupants of a single family dwelling may, without permit, park one unoccupied recreational vehicle on the lot where they reside.

Article XXVI proposes to change an area of town from a residential district to an industrial-business district.

The following land is changed in designation from R-2 to I-B:

Commencing at the southerly corner of land on the north side of Atlantic Avenue now or formerly owned by one Shirley Philbrick, east of the Town Hall, and extending northerly along the boundary line between the Town Hall and the said Philbrick land a distance of about 500 feet to the northerly corner of land of one Fields, thence, turning and running easterly about 200 feet to land of The Boston and Maine Railroad, thence turning and running southerly about 500 feet by land of Lamprey and land of said Philbrick, thence turning and running in a westerly direction to the point of the beginning. Said change will therefore affect land of Philbrick, Fields, and Lamprey.

This would allow the Montessouri School building to become anything listed in the permitted uses in the Industrial-Business District. Under the present circumstances, each prospective business use of the building must be heard by the citizens before The Zoning Board of Adjustment. By approving this Article, current use of the area as a railway and fuel depot, a truck parking area, a school, and possibly a store will be in agreement with the appropriate zoning district regulations.

THE STATE OF NEW HAMPSHIRE

TOWN OF NORTH HAMPTON

TOWN WARRANT FOR 1984

L.S.

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the School Building on Atlantic Avenue, in said North Hampton on Tuesday, the 13th day of March, 1983 at 10 a.m. in the morning, business meeting to begin at 7:30 p.m., polls to close at 7:30 p.m. and to reopen at the close of the business meeting, remaining open until all who wish to have voted; to act upon the following subjects:

ARTICLE I. To choose one Selectman for a term of three years, one Town Treasurer, one Collector of Taxes, and all necessary Town Officers for the ensuing years.

ARTICLE II. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE III. To see if the Town will vote to authorize and empower the Board of Selectmen or a majority of them to sell and convey the real property acquired by the Town by tax sale, any such sale to be at public auction to the highest bidder.

ARTICLE IV. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year pursuant to New Hampshire Revised Statutes Annotated Chapter 31: Section 95-b.

ARTICLE V. To see if the Town will vote to accept the reports of Town Officers.

ARTICLE VI. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate a sum not to exceed Ten Thousand Five Hundred Seventy-seven Dollars ($10,577.00) for the purchase of a new police cruiser, and to authorize the withdrawal of not more than Eight THousand Dollars ($8,000.00) from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, with the balance to be withdrawn from Capital Reserve Fund No. 6, and to authorize the Selectmen to act as agents for the Town in connection with the purpose for which this fund was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35, Section 15.

ARTICLE VII. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate the sum of Ten Thousand Dollars ($10,000.00) to add to Capital Reserve Fund No. 10 for the purchase of a truck for the highway department, and to authorize the withdrawal of that amount from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

ARTICLE VIII. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate the sum of Four Thousand Five Hundred Dollars ($4,500.00) for the purpose of fire station maintenance including ceiling fans, painting, and insulation, and to authorize the withdrawal of the same amount from Revenue Sharing Funds under the provision of the State and Local Assistance Act of 1972 and amendments thereto.

ARTICLE IX. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate the sum of Seven Thousand Five Hundred Dollars ($7,500.00) for the purpose of planning and establishing necessary improvements in the heating system at the Library, and to authorize the withdrawal of the same amount from the Revenue Sharing Funds under the provisions of the State and Local Assistance Act of 1972 and amendments thereto.

ARTICLE X. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate the sum of Two Thousand Dollars ($2,000.00) for the purpose of repair, renovation, and improvement in the Town Offices including purchase of a map case, a typewriter for the Tax Collector, microfiche, a hall sign, additional lights, a counter at the Tax Collector's door, and a heating survey of the Town buildings, and to authorize the withdrawal of the same amount from the Revenue Sharing Funds under the provisions of the State and Local Assistance Act of 1972 and amendments thereto.

ARTICLE XI. (RECOMMENDED BY THE BUDGET COMMITTEE) To see if the Town will appropriate the sum of Two Thousand Dollars ($2,000.00) for the purpose of repair, renovation, of certain Town buildings, and to authorize the withdrawal of the same amount from the Revenue Sharing Fund under the provisions of the State and Local Assistance Act of 1972 and amendments thereto.

ARTICLE XII. Whereas the Town Stump Dump has been in violation of State regulations due to illegal dumping, and whereas it is desirable to continue the use of the Stump Dump, the following regulations are adopted. All previous regulations and ordinances pertaining to the Stump Dump are hereby rescinded.

1. The Stump Dump shall be open only on Wednesdays and Saturdays from 8 a.m. to 12 p.m. and from 1 p.m. to 5 p.m. from April 1 to December 1 of each year.

2. Only stumps, branches and like matter of a bio-degradable nature excluding garbage, toxic or hazardous

material, may be deposited in the Stump Dump providing that these items come only from the Town of North Hampton, and are not eligible for disposal at the Pease energy plant.

3. In addition to the items in paragraph 2, the Selectmen shall provide on the second Saturday of each month that the Stump Dump be open to receive white goods (refrigerators, etc) tires and furniture including mattresses. The Selectmen shall periodically arrange to dispose of these items.

4. The Selectmen shall provide an attendant whenever the dump is open to insure proper use and compliance with the regulations.

5. The penalty for violation of this ordinance shall be a fine of not more than $25.00 for each occurrence and the violators shall be required to remove, or pay for the removal of, non-conforming items.

ARTICLE XIII. On petition of Harlan E. Carter and ten other legal voters of the Town of North Hampton to see if the Town will vote to raise and appropriate the sum of Six Thousand Eight Hundred Dollars ($6,800.00) to build a salvage and waste depot on Town owned property and for the rent of a Refuse Roll-off container to be used at such salvage and waste depot.

ARTICLE XIV. To see if the Town will vote to approve the return to the Town Revenue Sharing account of certain allocated but unspent Revenue Sharing Funds so they may again be allocated, namely:

Police Body Armor	$ 50.00
Fire Dept. Body Work Eng. #1	82.41

Town Hall Tables	289.54
TOTAL	$2,293.35

ARTICLE XV. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE XVI. Shall the business portion of the Annual Town Meeting be held at 10 a.m. of the Saturday following the Tuesday Town Voting portion of said meeting?

ARTICLE XVII. On petition of Mrs. Phebe P. Mixter and more than ten of the legal voters of the Town of North Hampton, to see if the Town of North Hampton shall call upon the Governor and Executive Council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the

sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of North Hampton, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire.

ARTICLE XVIII. (ON THE OFFICIAL BALLOT) ARE YOU IN FAVOR OF THE ADOPTION OF THE AMENDMENT AS PROPOSED BY THE PLANNING BOARD FOR THE TOWN ZONING ORDINANCE, as follows.

To see if the town will vote to amend SECTION 302 to read as follows:

1. Amend Section 302 (Definitions) to read:

REPORT OF THE TRUSTEES OF THE LIBRARY

The Library's calendar for 1983 was marked with many special events and programs. One highlight was the five-part series "The Quest for the American Dream," funded through a grant from the National Endowment for the Humanities. In another popular series Charles Rice spoke on the works of Shakespeare, Shelley and Keats.

In another vein, the very successful Library Fair held in August featured a book sale, face painting, crafts, and a computer display. A variety of children's programs throughout the year included reading clubs, puppet shows, and field trips to a castle and an ice cream parlor.

This year computers were introduced to the Library. Through a very generous gift from the Friends of the Library the Library was able to purchase an Apple IIe computer which is being used for a number of programs, including acquisitions, overdues, and budget records. A computer workshop was held in the Library in August, and a computer club meets there on a regular basis.

The Friends also sponsored their Second Annual International Soups Luncheon in April, a tea for Library supporters in November, and a float in the Holiday Parade in December.

On the practical side, the Library was able to solve a bothersome plumbing situation as well as parking lot lighting problems. The meeting room was used by a number of groups, including a State Library Public Library Techniques course held there in the fall. Bookmobile service to local libraries, including North Hampton, was terminated this year because of cuts in the State Library budget.

In September the Library welcomed back Librarian Mary Pettus from her leave of absence, and said a regretable goodbye to Acting Librarian Sally Reed. The Library owes much to what it has accomplished in the past year to the invaluable services of its staff, its volunteers, its Friends, and its patrons, and counts on them all for support in the future.

Balance December 31, 1983	$ 8.35

273 new patrons registered at the Library during 1983.

A library fair and book sale was held in August of this year. Craft items, baked goods, and hundreds of books discarded by the library were sold to the public; a profit of over $600 was made. This money was used to buy a bulletin board, a book truck and other smaller pieces of equipment for the Library.

REPORT OF THE FIRE DEPARTMENT OF THE TOWN OF NORTH HAMPTON

For the Year 1983

The North Hampton Fire Department responded to 172 calls of various causes for the year, up 23 from the previous year. These calls consisted of 67 structural fies, 42 mutual aid, 21 auto accidents with personal injury, 20 miscellaneous, 10 grass and woods, 10 automobile fires, 1 public assists, 1 plane accident with personal injury.

The Fire Department dispatched 172 fire calls and 168 ambulance calls for a total of 340 up 55 calls from the previous year. We had 4 major fires this year totaling approximately $250,000 in fire loss. It should be kept in mind that every fire could be a major loss if not caught in time. You should call the fire department for any fire even though you feel the fire has been extinguished.

Everyone should be reminded of the dangers of improperly installed woodburning stoves and fireplaces. Now that woodburning has become a major source of heat in a lot of homes in town, we have information at the fire station on proper installations. Please feel free to obtain this information at any time.

Again this year I would like to thank everyone who has helped the North Hampton Fire Department and to invite anyone interested to stop in the station anytime. I would also like to thank the four or five ladies for their endless support and time, also their great coffee on the fire ground.

Respectfully submitted,

Newman Goodwin, Jr.
Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to $1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

REPORT OF THE POLICE DEPARTMENT FOR 1983

The Police Department would like to take this opportunity to thank its many supporters over the years.

The department records show that in the year 1983 thefts and burglaries have decreased but armed robberies have increased. There were three at businesses and one at a residence. Vandalism to property and mailboxes especially seems to be increasing. There were 147 motor vehicle accidents with one fatality and one airplane crash with a fatality.

In these times we urge you to report promptly any suspicious persons or activity in your neighborhood and to be aware of what is happening around you. The best way to combat crime is through community cooperation with the police.

For those new to the area the emergency number is 772-4716 and our business number is 964-8621.

The Police Department would once again thank the other departments in town for their excellent support and cooperation. We would again encourage the people of the town to stop by with any suggestions and hope for the continuing spirit of cooperation we have pleasantly experienced in the past.

Respectfully submitted,

Bruce Golden
Chief of Police

REPORT OF THE NORTH HAMPTON AMBULANCE CORPS
For the Year 1983

The Ambulance Corps responded to 158 requests for services, 21 more than last year. Of these, 23 were highway-related, 114 were home and other emergencies, and 21 were transports.

We have been fortunate as a town to have good people taking turns volunteering and being trained for the ambulance. This has made it possible for us to render service that is not only competent but personal. We hope that this willingness to take a turn at volunteering will continue so that we may maintain this type of service.

During this past year, Nancy Carter retired from the Corps as President, after being a mainstay for years. Both the Corps and the Town have expressed their deep appreciation for her work. Others who have left after fulfilling their volunteer terms with much dedication have been Katherine Southworth, Maurine Preston, Diane Jones, Dick Nelson, and Dan Brown. Fortunately a number of new people have volunteered and been trained so that we enter 1984 with a good strong nucleus.

Our special thanks to all of the townspeople who have supported us by purchasing memberships and otherwise expressing appreciation. The Fire Department houses and maintains our ambulance and provides us with supporting services that are consistent and invaluable.

We look foreward to hearing from some of you as volunteers for our corps.

Respectfully,

William A. McConnell
President

REPORT OF THE CONSERVATION COMMISSION FOR THE TOWN OF NORTH HAMTON

Reports were given and discussions held this past year on information gleaned from the study of our Town's natural resources and water supply which were conducted by the students from the University of New Hampshire. This information is on file in the Town Offices, together with the Soils Map which is in the Office of the Building Inspector.

The first stage of opening a recreational area on the Conservation Land given the Town by the Boies family has been completed. The Boy Scouts and their leaders have cleared and marked paths and constructed foot bridges over streams and through bogs. The Commission has installed an attractive sign denoting the location of the area off Woodland Road near the Hampton line. With the coming spring weather tables and benches will be set in place. It is hoped by the Commission that the townspoeple will use this area for cross country skiing in the winter and for hiking and picknicking at all times. Rules governing the use of the area will be as few as possible as we wish to have everyone leave the area in as natural condition as they find it. No tracked or wheeled vehicles will be allowed.

The problem of dead trees bordering our streets and highways has been discussed, and since many of them are on State road the State will be notified so that they may be removed.

As your Conservation Commission we work with the New Hampshire Wetlands Board (whose personnel have recently been increased which should result in greater effectiveness in our area,) as well as with other State boards and Conservation Commissions to protect our natural resources. Your help in this area is vital for the continued preservation of our environment.

Respectfully submitted,

The North Hampton
Conservation Commission

REPORT OF THE NORTH HAMPTON HIGHWAY SAFETY COMMISSION

Town and school officials continue to be very sensitive to highway safety matters throughout the Town. As a result, the Highway Safety Commission has experienced a relatively quiet year.

A great tragedy did occur, however. A young bicyclist was fatally injured by a car on Atlantic Avenue in August. It is widely known that the Highway Safety Commission, along with town and school personnel, has been trying for almost ten year to have a bikeway established along the length of Atlantic Avenue. Various delays and objections prevented this long-needed improvement. Sadly, it took the death of one of our young citizens to gain final approval of the project. The New Hampshire Department of Public Works and Highways is expected to complete the shoulder-widening this spring.

Another long standing problem has recently been brought more sharply into the public consciousness: drunken driving. National political and media coverage were brought much closer to home in December when a drunken driver killed one person and injured several others, including a North Hampton mother and daughter. This was not the typical late night "D.W.I." It occurred right in the center of Hampton at 4:30 in the afternoon.

The Highway Safety Commission is making a special request for residents to contact the Chairman of the Commission (964-5074) with the concerns and ideas for dealing with drunken drivers. The Highway Safety Commission and town officials are ready to act. We need the ideas and support of Townspeople.

Respectfully submitted,

Jeffrey A. Hillier
Chairman

REPORT OF THE BUILDING INSPECTOR

Building activity in the Town of North Hampton for the year 1983 and comparison figures for the years 1981 and 1982 are included below. A total of 290 permits were issued.

REPORT OF THE SEACOAST VISITING NURSE ASSOCIATION FOR 1983

During fiscal year July 1, 1982 to June 30, 1983, the Seacoast Visiting Nurse Association made 1,490 calls to residents of North Hampton.

Nursing	1,220
Physical Therapy	114
Aide	147

Of these calls, 345 were made free of charge or at a reduced fee. It remains the policy of this Agency that no one is refused service because of inability to pay.

Currently 24 children from North Hampton are enrolled in our Well Child Clinic. These clinics are held twice a month to serve children from birth to six (6) years of age from families who meet federal income guidelines (O.M.B.). Dental Clinics, staffed by Dental Hygienists from the State, are held twice a year for these children, ages three (3) to six (6) years of age. Children needing further treatment are now able to see a dentist, free of charge, as we have received a grant from the local Rotary Club for this purpose.

Daily, between 8:00 a.m.and 4:00 p.m., a "walk-in" service at our office is available to all residents for free blood pressure monitoring, diet counseling or to discuss any health problem which may be concerning them.

Our staff remains essentially the same, six (6) full time Registered Nurses, three (3) part time Registered Nurses, a Pysical Therapist, Speech Therapist, Home Health Aide, a bookkeeper and a secretary. This past year we added an Occupational Therapist to the staff in order to better serve the patients in the four towns.

REPORT OF THE NORTH HAMPTON RECREATION COMMISSION

The North Hampton Recreation Commission's Summer Program for 1983 was a great success. It was held for six weeks, beginning July 5th, 9 A.M. - 12 Noon, Monday - Friday, under the direction of Mr. Jim Clifford and his assistants, Joseph Daly, Katie Freeman and Robin Schrader. The program consisted of arts and crafts; playground games; trips to Hampton Beach, the Stratham Fair, a ride on the trolley, and twice to Pawtuckaway State Park; get-togethers with the recreation programs in Rye and Newmarket; a Junior Olympics competition; a costume and pet contest; ending with a beach day in North Hampton.

The Recreation Commission would like to compliment Mr. Clifford and his staff on their well-run, enjoyable and varied 1983 Summer Program. Sincere thanks also go to the North Hampton Elementary School, and its School Board, for their permission to use the school premises, playing fields and athletic equipment.

The Recreation Commission's responsibility for the use and maintenance of Dearborn Park weighed heavily during this part year. Under almost constant use by townspeople of all ages, the Park increasingly evidenced the need for improvements that went beyond the limits of our budget. We requested an increase for 1984 in order to insure better care for our town park.

The members of the Recreation Commission are open to suggestions which might enhance either the Recreation Summer Program or Dearborn Park.

REPORT OF THE NORTH HAMPTON MOSQUITO CONTROL COMMISSION FOR 1983

Spring freshwater breeding site surveillance began in late March. Larviciding treatment for the "snow-melt" species of mosquito larvae found in these areas began on April 15 and continued through May. The first treatment for the saltmarsh species occurred on May 23. The spring of 1983 was one of the wettest on record with 13.50″ of rain in March, 7.90″ in April and 6.75″ falling in May. Spring breeding sites were much larger and much more numerous than in recent years. The water table dropped, however, through June and remained very low for the rest of the summer.

Adult mosquito population monitoring was accomplished by the counting and identification of specimens caught in the light traps, which were placed at certain locations in town each week. The wet spring led to a high population of "spring" species of mosquitos in June. (1,274 of the "spring" group were caught this year as opposed to 968 in 1982). The relatively dry summer, however, probably was the reason for such low numbers of the summer freshwater species *Aedes vexans*. This year, only 69 *A. vexans* were caught as opposed to 792 in 1982. The *Coquillettidia (Mansonia) perturbans* population was unusually high in July with over 2,000 specimens being caught on July 5. (The highest peak previous to this was only 402 on July 7, 1982). As the summer progressed, (with the exception of the large *C. perturbans* peak) weekly mosquito populations dropped to the lowest levels in North Hampton's four year mosquito monitoring history.

The adulticiding phase of the program (truck spraying in the evenings) commenced on June 22 with the last treatment occurring on Aug. 31. Spray routes were done on 18 separate nights with the whole town being completely sprayed 10 times in 10 weeks. This phase of the program will not be continued in 1984 unless the Town appropriates money for it. The Town did not appropriate funds for it this past year (1983) but enough adulticiding chemical remained from 1982 so these sprayings were done.

This year's crew of Kyle Traeger and Bob Mutch are to be commended for their excellent field and lab work, their professionalism, dependability and their willingness to work the very difficult and constantly changing work-weeks that are necessary in a Mosquito Control program.

I would also like to thank the Board of Selectmen and the Mosquito Control Commission for their cooperation and support over the last four years.

REPORT OF THE AUDITORS

To the Members of the School Board
North Hampton School District
North Hampton, New Hampshire

We have examined the combined financial statements and the individual fund statement of the North Hampton School District as of and for the year ended June 30, 1983, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the individual fund financial statement referred to above present fairly the financial position of the North Hampton School District at June 30, 1983 and the results of its operations for the year ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The individual fund statement and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the North Hampton School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I submit, herewith, the annual administrative report for your School District.

Students and faculty experienced an educationally fulfilling year.

The total program at the School was influenced greatly by the energy and conspicuous commitment to quality activities as pursued by Dr. Barbara Krysiak. Dr. Krysiak is no longer Principal as she has taken a position in the Massachusetts Department of Education where she will surely make positive contributions on a large scale. I am pleased that Dr. Krysiak provided ample documentation of her activities and plans so that we have had a smooth and successful transition for the new Principal, Mrs. Joan Hammond.

We continue to examine and improve our programs in early childhood education with the intention of the greatest degree of early intervention into areas of problems in the lower grades. Hopefully, the already generous interest in activities in this area will continue and possibly grow.

Emphasis on language arts continues to be pursued by many of our teachers. A number of them from various grade levels participated in Reading and Writing progams offered in the area, i.e., the University of New Hampshire, the Exeter Writing Project, and the Facilitator Center. Ideas gleaned from these programs have been incorporated into the curriculum with a resulting strengthening of the reading and writing skills of our students.

Modern technology is being applied efficiently and as thoroughly as possible within the School. Computer literacy courses for our students were expanded with more grade levels becoming involved. With seven computers, we have been able to offer Computeronics and Basic Programming to our sixth, seventh, and eight graders.

The School is continuing to provide quality appropriate educational services to special education students within the School to the highest degree possible.

I am pleased to report that the School continues to respond to the need to provide a broad variety of experiences and activities,

making it possible for our students to grow in several dimensions and to acquire many characteristics necessary for leadership, cooperation, and involvement so important for success in later years. Students at all levels were involved in special interest mini-courses which were offered through the cooperation of parents and teachers. Other exciting activities included student participation in the State Olympics of the Mind Contest, the New Hampshire Young Author's Contest, Spelling Bee, Oratorical Contest, Interscholastic Sports' teams in soccer, basketball, softball and baseball, Band, Chorus, and Drama.

With our strong emphasis upon academic excellence and with a competent staff, we feel that we are equipped to provide all of the children in our School with the best education possible based upon their needs, abilities, and interests. North Hampton should be extremely proud of the quality and quantity of support given the School by citizens. We are fortunate indeed to have a responsible and sensitive School Board and sincere and willing citizens totally supportive of the educational process at the School.
